Welcome to Stitched by Wash Car Upholstery, believing in Kenya and in Kenyan Automotive Industry. We rely on innovation to design and develop our services and products, racing up for technology, having the passion for auto upholstery, willing to work hard to produce a "made in Kenya" product to invade and conquer the global market. We have high standards to the extent that 'compromising' is unacceptable to our hard core standards. Stitched by Wash is about developing our team to be one positive family. Our clients are our partners in success, which is why it is always a long term relationship that is built on trust, respect, and care. At Stitched by Wash we do this, by designing products that meet the expectations and aspirations of clients who share the same values as we do. Hence our slogan '*You dream it, we stitch it*'.

Washington Njika
CEO, Stitched By Wash

At Stitched by Wash Car Upholstery, we live up to new challenges every day and it is my strong belief that the success of any company depends on its capability to acquire the right talents on all ranks. Despite being in a diverse environment, we could establish a harmonious team to work together to achieve the company's three-dimensional strategy: Design, Stitch and Value, with the client always being in the focus of each. Auto interior design has morphed dramatically in the last decade, therefore, we foster a design and patterning concept that puts Stitched by Wash on the forefront of all design and color trends, yet we hold onto the uncompromised quality and overall value of our services. I am confident that with our vibrant, innovative and talented team, Stitched by Wash will keep an advanced position in the local and regional auto motive upholstery and with serious endeavors to reach out to the international mark.

Robert Madoo
COO, Stitched By Wash

About Us

Our Vision

Excellence in car upholstery

Our Mission

Our mission is to satisfy our customers through innovation, high level of expertise and specialization.

Our Values

We believe in maintaining the highest standard of professionalism, integrity, creativity, positive attitude, delivery that meet and surpass expectations while offering prompt and lasting designs that stand the test of time.

Stitched by Wash Car Upholstery is a leader in high quality trim and decorative function elements for auto interiors. The company was established to meet up with the vast demand of auto interior care and maintenance services in Kenya. Our highly trained and talented workforce are specialists in wide range makes and models of vehicle interior repair and restoration, and these have over the years kept us on top of the ladder when it comes to car upholstery services in Kenya.

When you choose the team at Stitch by Wash, we pride ourselves in the outstanding service that we provide, which are cost effective with satisfactory outcomes. We are proud to be guided by our esteemed customers' needs, desire for greatness and perfection in their cars. This great drive to give and achieve the best as desired has also pushed us to serve, hence our slogan *'You dream it, we stitch it'*. In this regard, we work closely with our clients to accurately interpret their dreams and bring them to the desired reality through upholstery solutions that meet their needs.

Throughout our service process, we communicate with our clients to keep them informed of progress and to ensure that our services and products are delivered on time. In this case, we have standardized our operations and services to ensure efficiency by developing checklists to ensure quality checks and utmost customer engagements, partnered with the best auto interior material suppliers, beefed up security in our premises and maintained affordability. The standardization and reliability excellently built over time on cumulative knowledge and experiences, together with modern working equipment at our disposal, and the desire to improve and innovate have made this growth and our professionalism unmatched and top notch.

We endeavor to give professional and outstanding quality services for car interior and to fulfill our clients heartily desired car interior makeover. Stitched by Wash, 'You dream it, we stitched it'.

- Seat covers
- Dashboard Refurbishment
- Door and Side Panels
- Roof Lining & Roof Repairs
- Floor Carpeting & Mats
- Trunk/Boot Refurbishment
- Steering Wheel
- Wheel Covers Stitching
- Interior Plastics Restoration
- Under Bonnet Insulation

Seat Covers

We do complete car seats makeover. We reconstruct worn-out, old, less fashionable or less comfortable seats and deliver a great design, which bring your imagination alive. We create bucket style seats, cushioned to create comfort with quality foam materials, high quality polyester, fine micro-fibre fillings, and stuffing. We use a wide range of durable high quality cover materials, ranging from pure natural grade 1 leather to synthetic leather, alcantara material, super suede, high quality refine and fabric for maximum comfort and durability.

We assist you add style and protection to your original car seats without interfering with your car seats to make them stay neat, clean and protected over the years of use. Our approach of tight-fitting covers helps guard your seats from tear, stains, spills, fading, and in most cases give you an easy washable seat cover solution that does not need high maintenance. All this is achieved with the flexibility to add style, design and even vary your car interior theme.

We customize seat covers for all types of cars ranging from salon cars, SUVs, to commercial vehicles that experience high wear and tear activities. Depending on designs, materials, type of car seats, and the extent of work, we deliver seat covers on a record time.

Dashboard Refurbishment

We have highly qualified and experienced wiring technicians who ensure that your car's dashboard is refurbished with the greatest care it deserves. Your car dashboard, also known as vehicle's instrument panel (IP), is like the engine. It harbors extremely delicate and important systems that support the car's ultimate functions. You need to be very sure that it is handled with the utmost care that it deserves. Bring it to us and we will fix it for you.

We have a variety of dashboard designs and stitching that can be used if intended by the car owner to bring a good finish and improve the dashboard appeal. Car dashboards wear out over time, especially the spongy rexine cover like dashboards. Sometimes, the dashboard gets sticky due to extreme hot conditions, washing or reactive dashboard polishes. Our refurbishment materials can withstand extreme weather conditions. The dash material should have SRS airbag deploy provisions for the car safety to be intact as intended from the manufacturer.

Our dashboard experts are waiting for you. We will design and fix it for you according to your taste and preference.

We have established the best skills and tools to fix the door panels, be it the middle fabric or leather area or the upper part that wears out over time, we will fix it.

The work goes to include the door handle, if needed. To bring a matching theme, we will ensure that your seats are well matched with door panels to blend with the interior themes.

Lace your door panels with superior finishing to keep the appealing look.

Door & Side Panels

Stitched by Wash refurbishes roofs for brand new look. This is done by using super quality roof lining materials which withstand the harsh weather conditions in Kenya.

We fix all sagging car roofs for all cars be they Mercedes Benz, BMW, Land Rover and VW. Whichever the type of roof, we will help you restore it to the best. We also fix roof lining. We assure you that our dedicated and highly experienced staff will ensure keen handling and perfect workmanship. We take great care of wing airbags, roof lights, and firm fitting of the sun visors and their restoration as well as part of the package.

Roof lining & Roof repairs

A close-up photograph of a car's center console, focusing on the leather upholstery and stitching. The leather is a light grey or off-white color. A black gear shifter with a silver-colored trim is visible in the lower center. The stitching is a contrasting dark color, likely black or dark grey, and is visible along the edges of the leather panels. A red diagonal banner is overlaid on the left side of the image, containing the text "BESPOKE STITCHWORK" in yellow and "premium experience!" in white.

BESPOKE STITCHWORK
premium experience!

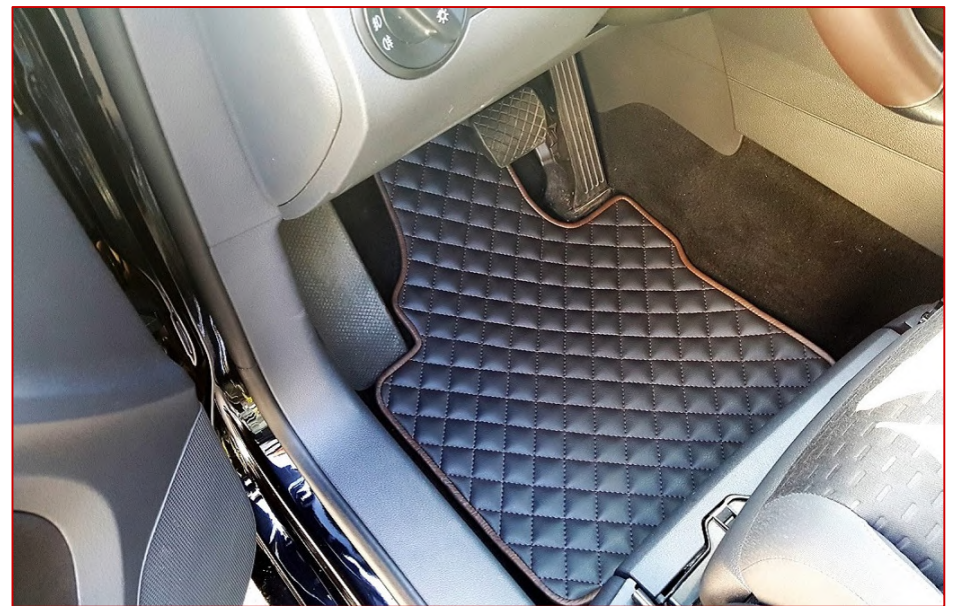

Floor Carpeting & Mats

Whether the flooring work is intended to add style to your car interior or to help keep the car interior clean and easy to wash, we have the best choices of materials for this. We have custom-made floor works to general PVC covers that are intended to keep both dust and mud at bay, which are odorless and hazard-free.

Frequently used and off-road cars need suitable flooring to keep with the heavy usage while still being maintained clean and attractive. This keeps the aesthetic value of the car upscale and if it is beauty you want to add, then we provide variety of designs and fit perfectly.

We also help restore the original wooly and fluffy carpets. If your car carpet has seen some length of life, you can restore it with us!

We have a wide range of choices, limitless thoughts and creativity when it comes to car flooring and carpeting works. The selection is custom-guided and keenly selected to achieve your dream ride.

Trunk/Boot Refurbishment

Stitched by Wash Auto Upholstery is the preferred studio for boot/trunk refurbishment and custom trunks makeovers. Let us complete and finish the look of your car or truck trunk/boot. Our trunk/boot makeover services start with thorough evaluation followed by a meticulous design process, ensuring your desired look and functionality needs are met.

Steering Wheel

When on the wheels, this is one of the most used parts of the control unit, you need a firm grip to keep your car control smooth and enjoyable. We have a variety of stitching designs and styles for your car steering wheel. Keep the steering fashionable, well-themed and properly done to avoid wear and tear associated with the wheel over time. With a stitched steering, you will be sure of protecting the original steering wheel in its position. The steering wheel needs a long lasting material that can withstand frequent wear and tear activities.

As the leaders of stitching, we assure you of unmatched workmanship blended with style. We use the highest quality materials to achieve this. We use high quality thread because thread also determines the longevity of the wheels and needs to be keenly selected.

The steering wheel stitching is a science of craft, done by professionals with abundant experience and expertise. We do It is hand stitch to bring out this art in its best form. We have perfected this craft with the many of steering wheels we have done over time and the keenness of quality assurance put in place.

Each steering, to us is a vehicle in need of our art, good grip to the owner and to ensure ultimate car control. We endeavor to ensure that each of our clients is satisfied with this individualized attention and customization.

Steering Wheel Covers

We do wheel covers too. For individuals with SUV cars such as Prados, Landcruiser, Pajero, Rav 4, Honda CRV, IO and others, we help with your wheel stitching to conceal and protect your spare wheel. For companies, businesses, organizations and individuals we also help display your brand, keeping it visible on the roads. The ultimate desire to showcase your brand is guaranteed with our approach.

Give us a call or visit any of our branches and get a customization quote for your wheel cover. For companies, we also assure you of our ability to deliver thousands of quantities within the shortest time.

Does your car interior plastics look smooth, attractive and inviting? Our cars have uniquely built interiors that comprise of leather and large parts of plastic coverings.

We are aware that the plastics wear over time, especially the boot areas when being used. For that reason, we help restore your car interior plastics to the original appealing look of greatness.

The plastics range from door panels plastics, to dashboard and boot plastics among others.

Interior Plastics Restoration

Kenya's No. 1

Premium Upholstery
Studio

Under Bonnet Insulation

We also do under bonnet insulation. Most cars on our roads today do not have fire proof under bonnet insulation. This is usually as a result of wear and tear of the original covers or lacking covers from importation of the cars regardless of the fact that cars are built with this provision. The under bonnet insulation helps protect your car bonnet paint from the high engine heat. It is also fireproof to help insulate and protect your car against the heat and possible sparks that can be a possible risk to your car.

We make under bonnet insulations unique to your car, to help keep your car engine protected and the general body paint in perfect condition. We just help you love your car even more.

Other Auto Stitching Needs

We have plentiful other stitching needs that we help to fine fix such as gear levers, gear knobs, center console, rear speaker dashboard and car roof pillars among others. We make you fully covered for any car sewing need.

We have numerous other unique stitching works such as office seats repair, unique customized needs like leather cheque book covers for banks, catalogue leather coverings for companies, menus and assorted stitching gifts.

Visit us with that unique need and we will have you sorted.

OTHER SERVICES

STITCHED BY WASH FURNITURE CLINIC

Office Chairs and Commercial Seating Upholstery

Just because your office chairs or commercial seating have worn out does not necessarily mean scrapping or throwing them away and replacing them with new ones. We can repair almost all types of office and commercial seating including office chairs, commercial seating, reception seating, and breakout seating. Benefits of having your office seating repaired can give savings of up to 70% of furniture replacement costs.

FAQs

What is car upholstery?

The upholstery of a car refers to using specialized tools, materials and skills (professionals) to replace or make over the interior of a car. It involves recovering, reupholstering and providing repairs where necessary.

Will my car interior look like new after it has been reupholstered?

When you choose the team at Stitched by Wash, our professional designers will provide an upholstery solution to the highest standards, whatever your needs, from upholstery repairs to replacements, refreshing and re designs, we will ensure that your car is restored to all of its former glory.

Which is the best material for my car interior, especially the seats upholstery or re-upholstery?

Every seat cover material has its own property, specifications and quality which differentiate it from another. Therefore, before moving ahead with upholstery work, it is good to clearly understand about these seat cover materials. As we know, nylon and polyester are considered as one of the most commonly used fabrics for car seats. However, vinyl is most preferred by the car owners because of ease of maintenance and cleaning. For more information on car upholstery materials, feel free to contact us.

How much do your car upholstery services cost?

When it comes to our car upholsterer services, every car or vehicle upholstery that we provide is different, so each price will be different too. Our team will provide a customized or specific solution that covers your requirements, from the type of car to the upholstery service you need to the new materials and the time it takes to complete, we will include all of this into your quotation.

What cars and car interiors do you upholster?

There are no limits to the type of vehicles that we reupholster as well as the specific car upholstery that we offer. We provide our services for anything from car seats to interior car panels and we have the necessary skills needed to reupholster your vehicle. Over the years we've offered a range of upholstery services and have a number of satisfied customers across the Kenya.

Do you have any advice on cleaning my new car upholstery?

As experts in car upholstery we recommend a range of cleaning solutions, for more information on car upholstery cleaning, feel free to contact us.

Apart from car interior do you do other types of upholstery?

We have vast experience working on all types of upholstery such as office chair and office seating re-upholstery including desk chair re-upholstery, operator chair re-upholstery, bench seating re-upholstery, banquette seating made to measure, meeting room seating, social space seating, board room seating, desk divider screens, waiting area seating, and reception seating among others.
